

Better Conversations

Questions of Enquiry

Here are the four questions introduced in Module 4

Two questions relating to time

“What happened just before [a few words about some drama]?”

“What happened just after [a few words about some drama]?”

Two questions relating to assumptions and looking for evidence.

Is there anything else about [a few words about some drama]?

What kind of [a word or metaphor relating to some drama] is that?

Reminder: to keep it conversational, just ask one or two of these questions in one go.
